

Mount Sinai School District Security Upgrades

Beginning Monday, March 5, 2018, we are implementing new procedures at the 25A entrance to the campus.

After turning onto the school roadway all cars will be asked to stop. The driver will need to show a valid license to the security guard on duty, and state the nature of their business on campus. Only those persons with school business will be permitted on the campus during school hours.

This procedure will begin at 9:30 a.m. and will continue to the dismissal of the high school. The North Country Road entrance will also be closed at 9:30 a.m., beginning on Monday, March 5, 2018.

We appreciate your understanding and cooperation in this endeavor to make our campus more safe and secure.
