Dear Parents and Students,

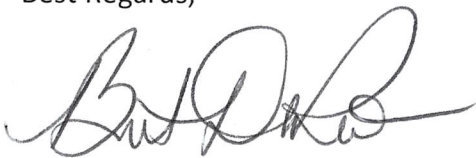

All Districts were made aware today that the New York State Board of Regents has cancelled the upcoming US History and Government Framework Regents originally set for Wednesday, June 1 for our 11th graders.

Please be aware that while the United States History and Government Framework Regents has been cancelled and students will not be taking said Regents. US History and AP US History teachers will be in contact regarding finals. More information on the final will be communicated through your child's teacher shortly.

Thank you for your patience and understanding as we navigate these ever-changing educational tides.

As always, if you have any questions or concerns, please reach out at any time.

Best Regards,

Brigit DiPrimo
Director of Humanities
